

ALEJANDRO LOPEZ RUIZ

alej.lopez.ruiz@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFILE

Data Science and AI student with hands-on experience building data pipelines, AI-powered analytics tools, and agentic AI systems for real clients and stakeholders. Proficient in Python, SQL, and Power BI, with direct project experience in NLP, LLM integration, RAG, and MCP. Strong communicator able to translate complex data into clear, actionable insights. Genuine interest in sustainability, ESG, and data-driven business strategy. EU citizen based in the Netherlands.

EDUCATION

University of Amsterdam - Premaster Business Analytics & Data Science *Starting Sep 2026*

Leiden University - BSc Data Science and Artificial Intelligence *Expected Jul 2026*

Relevant coursework: ML, Deep Learning, NLP, Databases, Algorithms, Statistics, Reinforcement Learning. Minor in Economics: Microeconomics, Macroeconomics, Finance, Applied Econometrics.

Agora Lledo International School - International Baccalaureate, Bilingual Diploma *2021 - 2023*

SELECTED PROJECTS

SDG Challenge - Electric Truck Charging Optimization for DSV *Mar 2026 - May 2026*

Team Captain | Data Analysis, Strategy & Stakeholder Presentation

- Led a student team analysing DSV's electric truck fleet operations, identified inefficiencies, and designed a wave-based charging workflow. Presented findings to business stakeholders at the SDG Impact in Action Day in Utrecht. Proposal piloted on 10 trucks with ~80% estimated reduction in operational costs.

AI Portfolio Chatbot (LUNA) - Agentic AI with MCP Integration *Jun 2026 - In development*

Solo Project | RAG, Claude API, MCP, Prompt Engineering, React

- Building a RAG-based conversational AI agent: ChromaDB retrieval, Claude API integration, prompt-engineered personas, MCP server with tool-use capabilities, and a React frontend with chat interface. Tech: Python, FastAPI, ChromaDB, MCP, React, TypeScript.

PEPAdb Archaeology Database Webpage - Client Data Platform *Jan 2026 - Jun 2026*

Client Project | University of Sevilla | Data Pipelines, APIs, Database Architecture

- Delivered a professional data platform for a real client: database architecture, REST API integrations, data quality processes, and ML features, following CI/CD and Scrum practices. Tech: Python, FastAPI, Docker, PostgreSQL, React, GitHub Actions.

Marketing Social Media Analyzer - NLP Analytics Dashboard *Completed / Deployed*

Solo Project | NLP, Data Pipeline, Cloud Deployment

- Built and deployed an end-to-end NLP pipeline using Hugging Face transformers for multi-language sentiment, emotion, and toxicity detection, with an interactive Streamlit dashboard. Tech: Python, SQL, Pandas, Streamlit, Hugging Face.

WORK EXPERIENCE

McDonald's - Crew Trainer *Apr 2024 - Jun 2026*

- Promoted to Crew Trainer after six months. Trained and onboarded new staff in a fast-paced international environment.

CERTIFICATIONS

IBM Data Analyst Professional Certificate - IBM / Coursera, 2026. SQL, Python, Excel, dashboards. [Verify](#)

Microsoft Power BI Data Analyst - Microsoft / Coursera, in progress. DAX, data modelling, dashboards.

HuggingFace LLM & Agents Courses - In progress. LLMs, RAG, MCP, agentic AI, prompt engineering.

TECHNICAL SKILLS

AI & ML: PyTorch, Hugging Face, NLP, LLM APIs (Claude, OpenAI), RAG, MCP, agentic AI, prompt engineering, RL.

Data & Analytics: Python, SQL, Pandas, NumPy, Power BI (in progress), Excel, statistical analysis, econometrics.

Engineering: FastAPI, Docker, REST APIs, React, TypeScript, Git, GitHub Actions, CI/CD, PostgreSQL, ChromaDB, Linux.

LANGUAGES

English: C1 | **Spanish:** Native | **Dutch:** Beginner, actively learning
